Program Highlights

In Dr. Nembhard's course entitled IE 423 Quality Control and Reliability, the class has been studying the statistical methods, and engineering approaches involved in quality improvement and Six Sigma. Dr. Nembhard also charged the students with investigating quality culture and quality programs within a company or organization. Their efforts will culminate with the forum where over 40 student project posters will be displayed. This year, companies that are represented include:

Balford Cleaners, CATA, Circuit City, Cold Stone Creamery, Crayola, CVS Pharmacy, Fresco System USA Inc., Gumby's Pizza, Honda, Irving's, Nittany Bank, Penn State Athletics Concession, Qdoba, Seoul Garden Restaurant, Shanner Hotel Groups, Southco, The Bicycle Shop, University Health Services, UPS, Walmart and Wegman's

They will start in Room 102 of the Leonhard Building, where Dr. Nembhard will ask all of the judges to briefly introduce themselves. They will then move to the lobby and corridors of the Leonhard Building where the posters will be on display. Each judge will be provided with a list of 10-12 posters that they should visit along with an evaluation form.

ASQ Section 501 will provide a \$100 prize to the student/team with the best Six Sigma poster.

Free parking is available in the evenings in the front of the building.

Directions to the Leonhard Building

From I-80 East: Take Exit 161 Bellefonte From the exit ramp take RT 26S. Merge onto New 220S (Future I-99S) .
